## PHILADELPHIA POLICE WANT AID

ASK STATE FOR HELP TO QUELL STRIKE.

Mob Numbering Thousands Beats Up Policemen—Strikebreakers Attacked.

\*\*\*\*\*  
COUNTING COST OF CAR STRIKE IN PHILADELPHIA  
Philadelphia, Pa., Feb. 24.—Close estimates have been made of the loss of life, the injuries to all persons, cars burned and wrecked, windows broken, arrests made and the property and cash losses of the five days of the strike. These estimates show:  
Dead, 3.  
Injured; strikers, 25; police, 50; citizens, 300; total, 375.  
Cars burned, 7.  
Cars wrecked, 750.  
Car windows broken, 4,000.  
Arrests made, 400.  
Loss to company property, \$100,000; to business, \$200,000.  
\*\*\*\*\*

Philadelphia, Pa., Feb. 24.—Philadelphia has called upon the state for aid. The city police having failed, even with the brief help of the state Fencibles, to cope successfully with the widely scattered forces of the rioters, are suffering now from the strain of five days of almost incessant active service, with little or no sleep.

In this emergency, Mayor Reyburn has asked Gov. Stuart to dispatch the full force of the mounted state constabulary to this city to assist in restoring order.

If more help should be required to preserve order and to restore the cars to regular schedule the full force of the state militia will be called upon. This, however, will be done only as a last resort. In anticipation of the call regiments in many sections of the state are making active preparations to meet a hurried call from this city, while commanders of local regiments already have met and instructed their officers to have the men of their companies in readiness for instant service.

Though these preparations are being made, Mayor Reyburn declared today that the necessity for calling the militia was decreasing. The city, he said, had spent a day that contrasted favorably with those of the earlier part of the week, only one serious disturbance having occurred.

### Number of Schools Closed.

Following yesterday's announcement of the cancellation of the week's grand opera program at the Hammerstein opera house because of the strike and the consequent lack of transportation facilities, the Board of Education today closed some of the most important of the city schools.

West Philadelphia was the scene of serious riots during the afternoon, the car barns at Forty-Third street and Lancaster avenue and Forty-Fourth and Jefferson streets being storm centers that kept the police constantly on the move.

### Worst Riot of Day.

The worst trouble occurred at Forty-Fourth street and Lancaster avenue, where a mob of several thousand persons attacked a car and dragged its crew of "strikebreakers" from it. The policemen guarding the car drew their revolvers and fired over the heads of the rioters, causing them to scatter like frightened sheep.

## CROSSING CRASH KILLS TWO

Fast Train Strikes Auto in Which Four Persons are Riding Near Los Angeles.

Los Angeles, Feb. 24.—Two women were killed and one man was fatally injured when the California Limited train on the Santa Fe railroad crashed into an automobile at the crossing at Azusa, twenty miles east of here. The dead:

Mrs. Anna Martin, widow, Pasadena.  
Miss Flora McEwen, nurse, Pasadena.

Charles A. Erickson, 30 years old, of Pasadena, not married, was fatally injured.

O. Louis Anderson of Pasadena was driving the car. He escaped with a few scratches.

## Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three month's wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

We'll make it an object to you to buy now, and carry the goods over to fall in your closet, instead of ours. Some of our New Spring Stuff are already in. Some of the Hart Schaffner & Marx New Models. ## WOULD MAKE THE GOVERNOR SEE IT

LOCAL OPTION ATTORNEY WILL MANDAMUS HIM.

Thinks Decision in Court Would Help His Case—Campaign Expense Would Be Saved.

Guthrie, Okla., Feb. 24.—C. B. Stuart of McAlester, attorney for the local option and high license league and W. D. Cardwell, secretary, were here today in consultation with the secretary of state and Governor Haskell relative to the calling of an election on the constitutional amendment to repeal prohibition and substitute a local option and high license section.

Stuart took the position that under the supreme court decision in the Taylor election case, the petitioners fulfilled the requirements of the law when they left with the secretary of state petitions and that the failure of the secretary to detach the signatures or the governor to witness the operation does not invalidate the filing. He holds, therefore, that the petitions have been legally filed and that the five days in which protests against their sufficiency could be made have elapsed, and that it is now the duty of the secretary of state to pronounce them sufficient or insufficient.

Stuart expressed a desire, however, that the case should be taken into the courts on a mandamus. It is probable that the secretary of state will decline to act on the petitions and that the mandamus will be directed against him. Stuart says he desires a decision of the court in advance of the election for two reasons. He thinks it will strengthen the measure if the court in advance holds that the prohibition portion of the constitution is subject to amendment. If the court holds otherwise, then the expense of the campaign will be saved.

## ABDUL HAMID NEAR DEATH

## CLOSE CALL FOR 2,000 WORKMEN

FURNACE AT GARY, ILLINOIS, BLOWS UP.

Gas Causes Explosion—Windows Broken and Wall Torn Out—Many Homes Demolished.

Chicago, Ill., Feb. 24.—Nearly 2,000 men narrowly escaped death today when furnace No. 8 in the plant of the Indiana Steel mills at Gary was blown to pieces by an explosion of gas.

The force of the explosion was terrific, sending the fragments of iron and steel flying in all directions with the velocity of cannon balls.

Every window in the plant was broken and one wall was torn out. The blast was felt through a large part of the town.

Many homes were shaken, their windows shattered and pictures shaken off the fastenings.

The accident was caused by a sudden shutting off of power, which stopped the pumps from forcing water into the furnaces, causing an unusual amount of gas to accumulate.

### GOVERNOR'S SISTER WEDS.

Lawrence, Kan., Feb. 24.—Miss Anna Stubbs, sister of Governor W. R.

Stubbs, and Joseph Eddy, of this city were married Wednesday night at Windmill Hill, the Lawrence residence of the governor. Only relatives and a limited number of friends were present. The event was one of the most brilliant ever held at the Stubbs home. The groom is county treasurer of Douglas county.

## VOTES AGAINST STATE DISPENSARY

BUT HOUSE IS AGAINST SALE  
OF LIQUOR

Booze Will Be Destroyed as Soon as  
Taken—Speeches Against  
Open Saloon

Guthrie, Okla., Feb. 24.—The House  
of Representatives recorded itself  
against the sale of liquor in Okla-  
homa, even by the State repealing  
the State dispensary system and pro-  
viding that all liquors as soon as  
adjudged to the State shall be des-  
troyed.

The vote was 61 to 31 on final pas-  
sage of the bill by John and Bur-  
nett as amended several days ago  
by Mr. Ross of Comanche. If the  
amended measure successfully weath-  
ers the senate and the governor's  
office, it will terminate the state  
and all local agencies, and provide  
no means for getting intoxicants oth-  
er than by interstate shipments.

### Veto Predicted.

It is indicated that the senate will  
agree to a repeal of the dispensary  
system, but refuse to accept the pro-  
vision destroying confiscated goods.  
Even then, the statement is made to-  
night, the Governor will veto the bill.  
When it became apparent the house  
would not accept the Administration's  
bill fixing the method for sale of  
liquors and the radical procedure  
for removal to county officers who  
failed or refused to enforce the pro-  
hibition law, Mr. Burnett undertook  
to save the legislation by raising the  
point of order that a repeal of the  
dispensary system had not been rec-  
ommended by the governor, whereas  
other provisions referred to had.  
This is understood to be the ground  
upon which the bill will be stopped  
in the executive office, providing it  
gets there.

### Provisions of Bill.

Provisions of the Burnett-Jahn bill,  
which came to the House to day in  
the regular course of business, re-  
quired all seized liquors to be ship-  
ped to the state agency at Guthrie,  
and by the department sold as it  
elected, and after retaining the cost  
of the sale and 10 per cent for the  
state agency, the remainder of the  
proceeds was to be applied on the  
salary fund of the county or city  
making the seizure. Further, it pro-  
vided that county or city officers fail-  
ing or refusing to apply the prohibi-  
tion law might be removed by the  
governor upon petition of fifty resi-  
dents of a city or 100 residents of a  
county. The officer was then to be  
tried on information and belief, and  
if convicted was not only removed,  
but imprisoned for a felony. Mr. Til-  
lotson told the house that it would  
never be difficult to find fifty people  
who wanted a man removed from  
office and that the provision would  
keep the town and counties in con-  
stant strife. Other members object-  
ed because the act proposed that the  
governor would have the power to  
appoint local officers, making pos-  
sible, they said, to build a state ma-  
chine.

### Against Open Saloon.

On the dispensary proper, it was  
the general belief among advocates  
of the Ross idea, that the state had  
no moral right to engage in a busi-  
ness from which it barred a citi-  
zen. Mr. Tillotson announced that he  
would not return to the open saloon  
for any reason, and for the good of  
society and the youth, he would rather  
endure a few bootleggers with the  
chance of arrest and destruction of  
their stocks.

Mr. Faulkner denounced the pres-  
ent policy of capturing liquors and  
selling them out of the state, only  
to be resold here, he said, thus con-  
fronting the state with a sort of end-  
less chain.

"We keep capturing the liquor over  
and over again," he said, "until there  
is finally nothing left but the bung-  
hole or the cork."

### Bill Defended.

Mr. Burnett and Mr. Ewell de-  
fended the bill as being a step toward  
more perfect prohibition. The former  
asked the house not to mutilate the  
law if his bill was not to pass, while  
Mr. Ewell suggested that the ques-  
tions be referred to the prohibition  
committee, with a view to bringing  
out an agreed measure. The last op-  
portunity to save the original meas-  
ure faded when Mr. Ross secured ad-  
option of an amendment, by a vote  
of 56 to 35, referring the bill to the  
committee of the whole, with instruc-  
tions to adopt an amendment calling  
for the destruction of seized liquor,  
in addition to repealing the dispens-  
ary system. With the determination  
of the house well fixed, Mr. Ross fol-  
lowed with a motion to go into com-  
mittee of the whole to consider the  
bill, for which Mr. Burnett offered a  
substitute to proceed with the order  
of business. Mr. Ross won by a vote  
of 48 to 29, and Mr. Cope was called  
to the chair. There was no difficulty  
in completing the effort in committee  
of the whole, and the bill came back  
into the house, amended as per in-  
structions, and passed finally by a  
vote of 61 to 31.

## MORE TROUBLE BALLINGER

Disgruntled Land Seekers in Califor-  
nia Prepare to Send Emphatic  
Protest.

Los Angeles, Cal., Feb. 24.—A com-  
mittee of disgruntled land seekers  
who stood in line from Thursday  
morning until Saturday at Yuma, and  
then were informed by the land of-  
ficials that Secretary Ballinger  
had sent instructions to ignore the  
numbers given out to them by the  
local police, have prepared petitions  
and forwarded them to Secretary Bal-  
lenger and President Taft, asking that  
their old numbers be allowed to  
stand. Many of the land seekers are  
still encamped in a vacant store near  
the land office and will remain there  
until they hear again from Washing-  
ton, or, in the event of not hear-  
ing from their petitions, until the  
morning of March 1, when filings may  
be made.

### "FIXER" IS XABBED.

to be the son of a wealthy lumber  
dealer of Topeka, Kansas, was ar-  
rested Wednesday on a charge of ex-  
torting \$5,200 from Charles H. Foster,  
an automobile agent. The money  
it was said, was to be used to "fix"

Neal Winfield was acquitted yes-

year and one day in the penitentiary.

Clark Stanley is on trial this af-

He is charged with stealing a  
calf—or helping to. His testimony  
is that Jim Brown offered him a  
sack of flour if he would help him  
butcher and peddle a calf. Stanley

## DEVIL FISH TO CLEAN SHIPS

New Craft with Eighty Hug Arms  
Full of Compressed Air Will Re-  
move Barnacles.

New York, Feb. 24.—The nearest  
marine product to the octopus—an  
eighty-armed vessel—has just been  
launched at a Brooklyn shipyard.

The unique craft is to be used for  
cleaning the bottoms of large steam-  
ships. Over its side stretch eighty  
lines of thick hose, which are sup-  
plied with compressed air at a pres-  
sure of 150 pounds to the square  
inch.

When the eighty lines of hose are  
manned by eighty men a steamship  
of 5,000 tons can be cleaned in twenty-  
four hours, thus accomplishing the  
work which heretofore has taken a  
corps of 300 men working eight days  
to complete in the old way.

Was Perfectly Bald When He Started  
to Use Newbro's Herpicide.

Frederick Manuell, Maryland block,  
Butte, Montana, bought a bottle of New-  
bro's Herpicide, April 6, '09, and began to  
use it for entire baldness. The hair fol-  
licles in his scalp were not dead and in  
20 days he had hair all over his head.  
On July 2 he writes, "and today my hair  
is as thick and luxuriant as any one  
could wish." Newbro's Herpicide works  
on an old principle and with a new dis-  
covery—destroy the cause and you re-  
move the effect. Herpicide destroys the  
germ that causes dandruff, falling hair,  
and finally baldness, so that with the  
cause gone the effect cannot remain.  
Stops falling hair at once and a new  
growth starts. Sold by leading

## MINNESOTA WINS OVER R. R.

Supreme Court Hands Down Many  
Decisions—Kansas Whips Mis-  
souri Pacific.

Washington, Feb. 23.—In more than  
fifty decisions the supreme court of  
the United States passed on the ad-  
ministration of justice as it had ap-  
peared in the lower Federal Courts  
and State tribunals in more than half  
the states in the union. Many state  
laws were declared unconstitutional  
more upheld and the laws of the  
United States given a final interpre-  
tation. The importance of state rail-  
road laws decided exceeded any other  
line of cases. The State of Minne-  
sota won a complete victory over  
the Great Northern Railroad com-  
pany and the Chicago Great Western,  
which had resisted the state's at-  
tempts to levy a 4 per cent gross  
earnings tax on them.

The state of South Carolina like-  
wise won a victory over the rail-  
roads in that state when the court  
adopted the view of the supreme  
court there that the law requiring  
railroads to pay a penalty of \$50 for  
failure to adjust losses within thirty  
days applies only to intrastate claims.  
The state of Kansas came out vic-  
torious in its fight with the Missouri,  
Pacific railroad company for the in-  
stallation of separate passenger  
trains on a branch road from Mad-  
ison, Kan., to the Kansas-Missouri  
State line.

It is in this case that the doctrine  
will reach every state that even if  
this passenger train was operated at  
a loss the railroad was under a duty  
to perform such services as long as  
it retained its charter.

The state of Alabama had its statu-  
te levying an annual franchise tax

on corporations declared unconstitu-  
tional. The railroads brought the  
case to the supreme court. The state  
of Georgia lost in most of its con-  
tentions in the attempt to levy on  
the Georgia railroad and Banking  
company for franchise taxes, despite  
charter exemptions.

### Nothing Impossible

There is nothing exaggerated, over-  
drawn or impossible in "The Fight-  
ing Parson." It's a very realistic  
story, true to nature and filled with  
bright lines that are food for thought,  
simple in construction, yet with a  
great heart interest that holds one  
until the final drop of the curtain.  
It instructs the young and brightens  
the minds of the older ones on some-  
thing that they have probably for-  
gotten. That is "good will to all  
and keep faith with thy Maker." Mr.  
Mann has secured an exceedingly  
strong cast for this one of his newest  
offerings with stage settings in keep-  
ing with the production and cast, so  
we can truthfully say that manager  
Parks of the opera house has secured  
a real city attraction for his pa-  
trons on tonight.

Already orders are coming in from  
suburban patrons of the Theatre  
and it looks like the banner house  
of the season. Box parties can have  
their orders taken care of by phone  
to Manager Parks.

### DRUG KILLS CONVICT.

Leavenworth, Kan., Feb. 24.—It be-  
come known today that Christopher  
Wallace, a convict at the military  
penitentiary, died Sunday morning  
from an overdose of morphine, which  
he obtained surreptitiously. The pris-  
oner's death was kept secret until  
Wednesday morning when his body  
was prepared for shipment to his  
home in New York.

Father of Otis and Carlton and Uncle of Miss Mollie, Unheralded and Unannounced Makes Unexpected Visit.

Mr. H. H. Weaver, father of Otis and Carlton and uncle of Miss Mollie Jernigan, gave his Ada children and niece a glad surprise this morning, when he suddenly appeared in the office unannounced or unheralded for a little visit. Aside from his relatives, Father claims several Ada lady friends, having met and been entertained by them during Confederate veteran reunion occasions in the past. Among these ladies are Mrs. Tom Hope, Mrs. M. W. Ligon, Mrs. R. F. King and Mrs. I. M. King.

The old gentleman expressed desire to meet his friends and after he has taken a good look at his relatives, to return home to reach there Sunday in time for Sunday school, over which he has presided, with out interruption for more than forty years, during which period he was only absent from exercises something like a half dozen times.

This is only his second visit to Ada during all the years his boys has resided here and it is wished that he could stay longer than one day.

## LOCAL WEATHER CONDITIONS WORSE

**DOWNTOWN THERMOMETERS REGISTER 10 ABOVE.**

Snow Stays but Short Time and Is Replaced by Frost—Cold Is General.

A continuation of the cold snap was experienced late yesterday afternoon and last night but the warming up process got in operation before noon today. The snow that began shortly after noon continued the sprinkle until about dark when the mercury started on its downward slide. Downtown thermometers at 7 p. m. yesterday registered 20 degrees above and at 10 p. m. five degrees lower and at 7 this morning it stood at the 10 mark.

The snow did not last long, melting about as soon as it fell and this morning heavy frost was present.

The weather report is fair and warmer today and Friday.

**COLD SPELL IS GENERAL**

Reports Tell of Cold Weather All Over State—Much Snow in West Oklahoma.

Guthrie, Ok., Feb. 24.—Another blizzard struck Oklahoma early today, a strong norther, accompanied by snow and sleet. Reports from the western part of the state indicate a snowfall of two to four inches. Fear is expressed for live stock. Fruit growers and farmers claim that mid-winter warm weather during several years past, followed by cold spells later, killed the fruit crop and also did great damage to growing wheat. The present weather, it is claimed, will be of great benefit to fruit of all kinds and also make spring crop planting more successful.

McAlester, Ok., Feb. 24.—The temperature fell to 20 above this morning and sleet has fallen here all day, turning to a slight snow late this evening. All trains are late.

Sulphur, Ok., Feb. 24.—The cold wave which struck Sulphur late yesterday afternoon resulted in a freezing mist this morning followed by a light snow. There were no cattle losses from last week's snow, and it is not believed there will be any from the present freeze. The cold has stopped the street paving, driven out parties out of Platt National Park into the city's steam-heated hotels.

Ardmore, Ok., Feb. 24.—A mist of rain has fallen nearly all day here and frozen as it fell. Streets have been dangerous and city delivery traffic was suspended part of the day. Express companies made Main street deliveries by using boys to pull vehicles.

Tulsa, Ok., Feb. 24.—This section of Oklahoma is in the grasp of a cold wave and the coldest weather of the winter is promised for tomorrow. A blizzard blew all day and was still raging tonight. Train are running late. There is no gas shortage and no suffering is anticipated in this city.

Oklahoma City, Ok., Feb. 24.—This was the coldest day of the winter in Oklahoma City, the thermometer registering 8 degrees above zero early in the day and 10 degrees at noon. Snow fell practically all day.

**IN TEXAS.**

McKinney, Tex., Feb. 24.—After a very pleasant day yesterday a norther came up last night, considerably lowering the temperature. Today has been cloudy, cold and a drizzle rain at intervals. It is much colder tonight.

Rio Vista, Tex., Feb. 23.—Rio vista and adjacent country is in the clutches of a severe norther, which came up about 9 o'clock last night, increasing in intensity today.

Mineral Wells, Tex., Feb. 23.—A cold wave blew up here from the north last night, lowering the temperature about 50 degrees in the last twenty-four hours.

## SHOOTING AT FRISCO DEPOT

**BILL NUTT SHOT TWICE BY CHAS. BRADY.**

One Bullet Goes Through Shoulder and One Through Hand, Both Flesh Wounds.

A shooting affair at the Frisco depot last night resulted in Bill Nutt receiving two wounds, one in the right shoulder and one in the right hand, Charlie Brady doing the shooting.

About 6:10 was the time of the trouble, which originated while Nutt, Brady and Lloyd (Hisby) Robinson—the latter a citizen of Roff—were sitting in the bus of which Brady is the driver. Nutt and Robinson rode to the depot in Brady's bus and while awaiting the arrival of the south-bound train two pistol shots were fired. Brady seemed to think he was being shot at but Nutt stated the shots were accidental. Later, it is said, Nutt and Robinson accused each other of doing the shooting. The three men went into the waiting room together and the matter seemed to have been settled.

Brady directly left the waiting room and went up town, secured a gun and returned to his bus in his usual attitude, waiting for the train's arrival.

**Nutt Approaches Brady.**

Soon after Brady's return to the depot Nutt came out of the depot, is alleged to have reached for his gun and, in effect, said to Brady: "You have had it in for me a long time; let's settle it and go." Brady was the quicker and shot at Nutt two times, both shots being effective. At the second shot Nutt ran behind the depot and was soon taken in charge by Deputy Sheriff Walter Goynne, who took him to the Ada hotel and afterward to the offices of Drs. Faust and Hartman where his wounds were dressed. Policeman Lem Mitchell took Brady to the court house where he at once made bond for his appearance in justice court. Nutt also made bond. The hearing will be today or tomorrow.

**Wounds Not Dangerous.**

Nutt's wounds are not dangerous and recovery is expected soon.

Robinson is thought to have gone to his home at Roff on last night's train.

It is said Brady and Nutt have been enemies for some time, and about thirty minutes before the first shooting last night Brady took a gun from Nutt, but when the affair appeared to be settled he returned it to its owner.

# NEGRO OUTRAGES ON THE INCREASE

3-YEAR-OLD TEXAS GIRL ASSAULTED.

New York Black Shoots Two White Youths—Assailant Escapes From Train.

Dallas, Tex., Feb. 24.—Allen Brooks, a negro, 58 years old, was arrested yesterday afternoon about 5 o'clock and lodged in the county jail, charged with criminally assaulting Mary E. Buvens, the 3-year-old daughter of H. J. Buvens.

It was stated last night that while the child's injuries were painful, they were not necessarily serious and that the perpetrator of the brutal assault had not been entirely successful.

The assault is alleged to have occurred in the second story of the barn in the rear of the Buvens home, corner Pearl street and Ross avenue, where the negro under arrest works. It is stated that the child's assailant enticed her into the barn and then carried her into the loft.

The child was missed about 3 o'clock in the afternoon and a search for her was instituted. After searching for half an hour, Flora Dunderfield, a young negress, who also works at the Buvens home, found the child and the negro in the barn. She said she took the little one and ran with her into the house.

Found in Boiler Room. Brooks was found in the boiler room under a residence near by and was arrested by Mounted Officer Harrison and Officer Dennis and Eim-

ecke. They took him to the city jail, where he was held until affidavits charging him with the crime were filed, when he was transferred to the sheriff's department and placed in the county jail.

Dr. W. W. Brandau was summoned to attend the child. He said he found evidences of brutal treatment. Dr. Brandau also went to the city jail and examined the negro, and states he found evidences which confirmed him in the opinion formed when he attended the child.

Officer Eimecke said the negro submitted quietly to arrest, but refused to make a statement about the affair. The officers were enabled to reach the scene quickly because a citizen placed his automobile at their disposal.

## NEGRO SHOOTS TWO WHITES

Opens Fire on Four New Jersey Young Men and Fatally Wounds Two

New York, Feb. 24.—Harrison Higbee and Leslie Lord, young men socially prominent in North New Jersey, were shot down and probably fatally wounded today by a negro in a smoking car of the New Jersey Central train in which they were riding to their homes in Newark.

A negro, accompanied by another man of his race and a mulatto woman, accused four college men of making remarks about the woman. Lord was about to reply, but Higbee told him to keep quiet.

"Don't you tell me to keep quiet!" yelled the negro, as he leaped to his feet and drew a revolver. "I'll quiet you," and he opened fire on the four young men. Lord and Higbee were

wounded, and then Gale and Roger Young leaped at the negro. Gale Young went down under a blow on the head, but held onto the man, who emptied his pistol, and who was so powerful that he dragged Roger Young with him to the platform. Young held on, however, and when the negro leaped from the train while it was making twenty miles an hour Roger Young went with him. In striking the embankment Young's grip on the negro was broken and the desperado disappeared. His companions also got away.

The wounded men were taken to a hospital in Jersey City, where it is said they will probably die. Roger Young is not seriously hurt.

## NEGRO MISCREANT AT LARGE.

Attempts to Burglarize Store at Alsdorf but Is Thwarted.

Ennis, Tex., Feb. 24.—A negro was taken in charge at Alsdorf Sunday night by citizens who caught him attempting to burglarize a store at that place. He was turned over to an officer, who searched him, but found no weapons on him. The officer had started to town with him, when the negro drew a string from inside his pants attached to which was a big pistol, which he leveled on the officer and got away.

This morning O. G. Bower, residing east of Ennis on the Weatherford farm, reported to the officers that one of his best horses had been stolen from his barn last night. The negro who got away was described as very black and minus a thumb. This afternoon Marshal Alexander found him in a negro house in Ennis and chased him several blocks but he got away in a creek bottom west of town.

This same negro entered the farmhouse of E. F. Secrest, near Bristol, last Monday while the family was away from home and took a pistol, a watch, a razor, coat, pants and a few articles of lesser value and escaped. Marshal Alexander says he is a dangerous negro and an ex-convict. He is the same negro who entered the home of Mrs. J. R. Tidwell in Ennis a few days ago and was frightened away without getting anything.

## DEATH CALLS C. STURDIVANT

Passes Away Yesterday Afternoon at Home of Brother-in-Law, Jno. Stuart.

Intestinal tuberculosis was the cause of the death of C. Sturdivant which occurred at the home of his brother-in-law, John Stuart, in North Ada, yesterday afternoon. The cause of Mr. Sturdivant's demise dates back about two months when he was taken to Sherman, Tex., and operated upon for the above named trouble. Returning to this city he made his home with Mr. Stuart and although he was continually treated by specialists, his condition gradually grew worse. His home is about 6 miles from Ada where he leaves a wife and daughter to mourn his loss. He was near 50 years old.

Funeral service was conducted at Mr. Stuart's residence at 2 o'clock this afternoon and burial will be at Rosedale cemetery.

## WAS INTENDED TO BE GRAFTER

SO SAYS OFFICE HOLDER IN COLORADO.

And Declares He Is Victim of Republican Political System—He's to Be Pitied.

Denver, Col., Feb. 24.—"I am the victim of the state republican political system. The office of state boiler inspector was originally intended as an office for graft by the politicians who framed the law," said State Boiler Inspector Alex E. J. Whitney at the Auditorium hotel, where he went to hold a conference with his attorney, Ben F. Brown.

"The framers of the law, the politicians and everybody who hears that the expenses of the boiler inspector and his assistant amount only to \$41 per month apiece know that this does not begin to be enough. The office was created merely to make three more political jobs and give workers an income. Therefore if a man holds it he is expected to ennet out-of-town politicians when they come to Denver and see that they are treated right."

## Expected to Cover State.

Attorney Brown declared that the boiler inspector could go no farther than Colorado Springs on the expense account allowed him, yet he is expected to travel over the entire state.

"How can a man go down to Durango, Trinidad, all the western part of the state, hire carriages to make long climbs up mountains to mines, pay his hotel bills and other expenses on \$41 a month? Then the boiler inspector is expected to keep people in line for the party. He is expected to meet them, take them around Denver, treat them, or else

he is not doing exactly what he was put in office for doing.

## Whole Idea Was for Graft.

"The whole idea of the office was for graft. How can a person make trips to Europe on a salary of \$2,500 a year? I am informed that that has been done in the office. Let the governor dig into the records."

Philadelphia Pa. Feb. 24—Philadelphia has called upon the state for aid. The city police have failed even with the help of the state. The police are suffering now from the strike. The city is in a state of anarchy. The city is in a state of anarchy. The city is in a state of anarchy.

In the emergency Mayor R. B. Ewing has asked Gov. Stuart to dispatch the full force of the mounted state constabulary to this city to assist in restoring order.

If more help should be required to preserve order, and to restore the city to regular schedule the full force of the state militia will be called upon. This however will be done only as a last resort. In anticipation of the call regiments in many sections of the state are making active preparations to meet a hurried call from this city while commanders of local regiments already have met and instructed their officers to have the men of their companies in readiness for instant service.

Though these preparations are being made Mayor Ewing declared today that the necessity for calling the militia was decreasing. The city he said had spent a day that contrasted favorably with those of the earlier part of the week only one serious disturbance having occurred.

Following yesterday's announcement of the cancellation of the week's grand opera program at the Hammerstein opera house because of the strike and the consequent lack of transportation facilities the Board of Education today closed some of the most important of the city schools.

West Philadelphia was the scene of serious riots during the afternoon. The car barns at Forty Third street and Lancaster avenue and Forty Fourth and Jefferson streets being storm centers that kept the police constantly on the move.

**Worst Riot of Day.**

The worst trouble occurred at Forty Fourth street and Lancaster avenue where a mob of several thousand persons attacked a car and dragged its crew of strikebreakers from it. The policemen guarding the car drew their revolvers and fired over the heads of the rioters causing them to scatter like frightened sheep.

## Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three months' wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

We'll make it an object to you to buy now, and carry the goods over to fall in your closet, instead of ours. Some of our New Spring Suits are already in. Some of the Hart Schirmer & Marx New Models. ## WOULD MAKE THE GOVERNOR SEE IT

LOCAL OPTION ATTORNEY WILL  
MANDAMUS HIM.

Thinks Decision in Court Would Help  
His Cause—Campaign Expense  
Would Be Saved.

Guthrie Okla. Feb. 24—C. B. Stuart of McAlester, attorney for the local option and high license league and W. D. Cardwell secretary were here today in consultation with the secretary of state and Governor Has Kell relative to the calling of an election on the constitutional amendment to repeal prohibition and substitute a local option and high license section.

Stuart took the position that under the supreme court decision in the Taylor election case the petitioners fulfilled the requirements of the law when they left with the secretary of state petitions and that the failure of the secretary to detach the signatures or the governor to witness the operation does not invalidate the filing. He holds therefore that the petitions have been legally filed and that the five days in which protests against their sufficiency could be made have elapsed and that it is now the duty of the secretary of state to pronounce them sufficient or insufficient.

Stuart expressed a desire however that the case should be taken into the courts on a mandamus. It is probable that the secretary of state will decline to act on the petitions and that the mandamus will be directed against him. Stuart says he desires a decision of the court in advance of the election for two reasons. He thinks it will strengthen the measure if the court in advance holds that the prohibition portion of the constitution is subject to amendment. If the court holds otherwise, then the expense of the campaign will be saved.

## CLOSE CALL FOR 2,000 WORKMEN

FURNACE AT GARY, ILLINOIS,  
BLOWS UP.

Gas Causes Explosion—Windows  
Broken and Wall Torn Out—  
Many Homes Demolished.

Chicago Ill. Feb. 24—Nearly 2,000 men narrowly escaped death today when furnace No. 8 in the plant of the Indiana Steel mills at Gary was blown to pieces by an explosion of gas.

The force of the explosion was terrific sending the fragments of iron and steel flying in all directions with the velocity of cannon balls.

Every window in the plant was broken and one wall was torn out. The blast was felt through a large part of the town.

Many homes were shaken and their windows shattered and pictures shaken off the fastenings.

The accident was caused by a sudden shutting off of power which stopped the pumps from forcing water into the furnaces causing an unusual amount of gas to accumulate.

GOVERNOR'S SISTER WEDS.

The event was one of the most brilliant ever held at the Stubbs home. The groom is county treasurer of Douglas county.

## VOTES AGAINST STATE DISPENSARY

BUT HOUSE IS AGAINST SALE  
OF LIQUOR

Booze Will Be Destroyed as Soon as  
Taken—Speeches Against  
Open Saloon

Guthrie, Okla., Feb. 24.—The House  
of Representatives recorded itself  
against the sale of liquor in Okla-  
homa, even by the State repealing  
the State dispensary system and pro-  
viding that all liquors as soon as  
adjudged to the State shall be des-  
troyed.

The vote was 61 to 31 on final pas-  
sage of the bill by John and Bur-  
nett as amended several days ago  
by Mr. Ross of Comanche. If the  
amended measure successfully weath-  
ers the senate and the governor's  
office, it will terminate the state  
and all local agencies, and provide  
no means for getting intoxicants other  
than by interstate shipments.

### Veto Predicted.

It is indicated that the senate will  
agree to a repeal of the dispensary  
system, but refuse to accept the pro-  
vision destroying confiscated goods.  
Even then, the statement is made to-  
night, the Governor will veto the bill.  
When it became apparent the house  
would not accept the Administration's  
bill fixing the method for sale of  
liquors and the radical procedure  
for removal to county officers who  
failed or refused to enforce the pro-  
hibition law, Mr. Burnett undertook  
to save the legislation by raising the  
point of order that a repeal of the  
dispensary system had not been rec-  
ommended by the governor, whereas  
other provisions referred to had. This  
is understood to be the ground  
upon which the bill will be stopped  
in the executive office, providing it  
gets there.

### Provisions of Bill.

Provisions of the Burnett-Jahn bill,  
which came to the House to day in  
the regular course of business, re-  
quired all seized liquors to be ship-  
ped to the state agency at Guthrie,  
and by the department sold as it  
elected, and after retaining the cost  
of the sale and 10 per cent for the  
state agency, the remainder of the  
proceeds was to be applied on the  
salary fund of the county or city  
making the seizure. Further, it pro-  
vided that county or city officers fail-  
ing or refusing to apply the prohibi-  
tion law might be removed by the  
governor upon petition of fifty resi-  
dents of a city or 100 residents of a  
county. The officer was then to be  
tried on information and belief, and  
if convicted was not only removed,  
but imprisoned for a felony. Mr. Til-  
lotson told the house that it would  
never be difficult to find fifty people  
who wanted a man removed from  
office and that the provision would  
keep the town and counties in con-  
stant strife. Other members object-  
ed because the act proposed that the  
governor would have the power to  
appoint local officers, making pos-  
sible, they said, to build a state ma-  
chine.

### Against Open Saloon.

On the dispensary proper, it was  
the general belief among advocates  
of the Ross idea, that the state had  
no moral right to engage in a busi-  
ness from which it barred a citi-  
zen. Mr. Tillotson announced that he  
would not return to the open saloon  
for any reason, and for the good of  
society and the youth, he would rather  
endure a few bootleggers with the  
chance of arrest and destruction of  
their stocks.

Mr. Faulkner denounced the pres-  
ent policy of capturing liquors and  
selling them out of the state, only  
to be resold here, he said, thus con-  
fronting the state with a sort of end-  
less chain.

"We keep capturing the liquor over  
and over again," he said, "until there  
is finally nothing left but the bung-  
hole or the cork."

### Bill Defended.

Mr. Burnett and Mr. Ewell de-  
fended the bill as being a step toward  
more perfect prohibition. The former  
asked the house not to mutilate the  
law if his bill was not to pass, while  
Mr. Ewell suggested that the ques-  
tions be referred to the prohibition  
committee, with a view to bringing  
out an agreed measure. The last op-  
portunity to save the original mea-  
sure faded when Mr. Ross secured ad-  
option of an amendment, by a vote  
of 56 to 35, referring the bill to the  
committee of the whole, with instruc-  
tions to adopt an amendment calling  
for the destruction of seized liquor,  
in addition to repealing the dispens-  
ary system. With the determination  
of the house well fixed, Mr. Ross fol-  
lowed with a motion to go into com-  
mittee of the whole to consider the  
bill, for which Mr. Burnett offered a  
substitute to proceed with the order  
of business. Mr. Ross won by a vote  
of 48 to 29, and Mr. Cope was called  
to the chair. There was no difficulty  
in completing the effort in committee  
of the whole, and the bill came back  
into the house, amended as per in-  
structions, and passed finally by a  
vote of 61 to 31.

nia Prepare to Send Emphatic  
Protest.

Los Angeles, Cal., Feb. 24.—A com-  
mittee of disgruntled land seekers  
who stood in line from Thursday  
morning until Saturday at Yuma, and  
then were informed by the land of-  
fice officials that Secretary Ballinger  
had sent instructions to ignore the  
numbers given out to them by the  
local police, have prepared petitions  
and forwarded them to Secretary Bal-  
linger and President Taft, asking that  
their old numbers be allowed to stand.  
Many of the land seekers are  
still encamped in a vacant store near  
the land office and will remain there  
until they hear again from Washing-  
ton, or, in the event of not hear-  
ing from their petitions, until the  
morning of March 1, when flings may

## DEVIL FISH TO CLEAN SHIPS

New Craft with Eighty Hing Arms  
Full of Compressed Air Will Re-  
move Barnacles.

New York, Feb. 24.—The nearest  
marine product to the octopus—an  
eighty-armed vessel—has just been  
launched at a Brooklyn shipyard.

The unique craft is to be used for  
cleaning the bottoms of large steam-  
ships. Over its side stretch eighty  
lines of thick hose, which are sup-  
plied with compressed air at a pres-  
sure of 150 pounds to the square  
inch.

When the eighty lines of hose are  
manned by eighty men a steamship  
of 5,000 tons can be cleaned in twen-  
ty-four hours, thus accomplishing the  
work which heretofore has taken a  
corps of 300 men working eight days  
to complete in the old way.

### GOT HIS HAIR BACK.

Was Perfectly Bald When He Started  
to Use Newbro's Herpicide.

Frederick Mantell, Maryland block,  
Butte, Montana, bought a bottle of New-  
bro's Herpicide, April 6, '99, and began to  
use it for entire baldness. The hair fol-  
licles in his scalp were not dead and in  
20 days he had hair all over his head.  
On July 2 he writes, "and today my hair  
is as thick and luxuriant as any one  
could wish." Newbro's Herpicide works  
on an old principle and with a new dis-  
covery—destroys the cause and you re-  
move the effect. Herpicide destroys the  
germ that causes dandruff, falling hair,  
and finally baldness, so that with the  
cause gone the effect cannot remain.  
Stops falling hair at once and a new  
growth starts. Sold by leading  
druggists. Send 10c. in stamps for sample

## MINNESOTA WINS OVER R. R.

Supreme Court Hands Down Many  
Decisions—Kansas Whips Mis-  
souri Pacific.

Washington, Feb. 23.—In more than  
fifty decisions the supreme court of  
the United States passed on the ad-  
ministration of justice as it had ap-  
peared in the lower Federal Courts  
and State tribunals in more than half  
the states in the union. Many state  
laws were declared unconstitutional  
more upheld and the laws of the  
United States given a final interpre-  
tation. The importance of state rail-  
road laws decided exceeded any other  
line of cases. The State of Minne-  
sota won a complete victory over  
the Great Northern Railroad com-  
pany and the Chicago Great Western,  
which had resisted the state's at-  
tempts to levy a 4 per cent gross  
earnings tax on them.

The state of South Carolina like-  
wise won a victory over the rail-  
roads in that state when the court  
adopted the view of the supreme  
court there that the law requiring  
railroads to pay a penalty of \$50 for  
failure to adjust losses within thirty  
days applies only to intrastate claims.  
The state of Kansas came out vic-  
torious in its fight with the Missouri,  
Pacific railroad company for the in-  
stallation of separate passenger  
trains on a branch road from Mad-  
ison, Kan., to the Kansas-Missouri  
State line.

It is in this case that the doctrine  
will reach every state that even if  
this passenger train was operated at  
a loss the railroad was under a duty  
to perform such services as long as  
it retained its charter.

The state of Alabama had its statu-  
te levying an annual franchise tax

### Nothing Impossible

There is nothing exaggerated, over-  
drawn or impossible in "The Tight-  
ing Parson." It's a very realistic  
story, true to nature and filled with  
bright lines that are food for thought,  
simple in construction, yet with a  
great heart interest that holds one  
until the final drop of the curtain.  
It instructs the young and brightens  
the minds of the older ones on some-  
thing that they have probably for-  
gotten. That is "good will to all  
and keep faith with thy Maker." Mr.  
Mann has secured an exceedingly  
strong cast for this one of his newest  
offerings with stage settings in keep-  
ing with the production and cast, so  
we can truthfully say that manager  
Parks of the opera house has secured  
a real city attraction for his pa-  
trons on tonight.

Already orders are coming in from  
suburban patrons of the Theatre  
and it looks like the banner house  
of the season. Box parties can have  
their orders taken care of by phone  
to Manager Parks.

### DRUG KILLS CONVICT.

Leavenworth, Kan., Feb. 24.—It be-  
came known today that Christopher  
Wallace, a convict at the military  
penitentiary, died Sunday morning  
from an overdose of morphine, which  
he obtained surreptitiously. The pris-  
oner's death was kept secret until  
Wednesday morning when his body  
was prepared for shipment to his  
home in New York.

Father of Otis and Carlton and Uncle of Miss Mollie, Unheralded and Unannounced Makes Unexpected Visit.

Mr. H. H. Weaver, father of Otis and Carlton and uncle of Miss Mollie Jernigan, gave his Ada children and niece a glad surprise this morning, when he suddenly appeared in the office unannounced or unheralded for a little visit. Aside from his relatives, Father claims several Ada lady friends, having met and been entertained by them during Confederate veteran reunion occasions in the past. Among these ladies are Mrs. Tom Hope, Mrs. M. W. Ligon, Mrs. R. F. King and Mrs. I. M. King.

The old gentleman expressed desire to meet his friends and after he has taken a good look at his relatives, to return home to reach there Sunday in time for Sunday school, over which he has presided, with out interruption for more than forty years, during which period he was only absent from exercises something like a half dozen times.

This is only his second visit to Ada during all the years his boys has resided here and it is wished that he could stay longer than one day.

"Tis sad to think, is it not? that such character of references should be exchanged on the streets regarding a fellow townsman, especially during the time, the subject of the reference was being probed for pieces of overcoat, suspenders and domestic, which in long strings had preceded the leaden slug as it plowed its way through him."

## LOCAL WEATHER CONDITIONS WORSE

DOWNTOWN THERMOMETERS REGISTER 10 ABOVE.

Snow Stays but Short Time and Is Replaced by Frost—Cold Is General.

A continuation of the cold snap was experienced late yesterday afternoon and last night but the warming up process got in operation before noon today. The snow that began shortly after dark when the mercury started on its downward slide. Downtown thermometers at 7 p. m. yesterday registered 20 degrees above and at 10 p. m. five degrees lower and at 7 this morning it stood at the 10 mark.

The snow did not last long, melting about as soon as it fell and this morning heavy frost was present.

The weather report is fair and warmer today and Friday.

## COLD SPELL IS GENERAL

Reports Tell of Cold Weather All Over State—Much Snow in West Oklahoma.

Guthrie, Ok., Feb. 24.—Another blizzard struck Oklahoma early today, a strong norther, accompanied by snow and sleet. Reports from the western part of the state indicate a snowfall of two to four inches. Fear is expressed for live stock. Fruit growers and farmers claim that mid-winter warm weather during several years past, followed by cold spells later, killed the fruit crop and also did great damage to growing wheat. The present weather, it is claimed, will be of great benefit to fruit of all kinds and also make spring crop planting more successful.

McAlester, Ok., Feb. 24.—The temperature fell to 20 above this morning and sleet has fallen here all day, turning to a slight snow late this evening. All trains are late.

Sulphur, Ok., Feb. 24.—The cold wave which struck Sulphur late yesterday afternoon resulted in a freezing mist this morning followed by a light snow. There were no cattle losses from last week's snow, and it is not believed there will be any from the present freeze. The cold has stopped the street paving, driven out parties out of Platt National Park into the city's steam-heated hotels.

Ardmore, Ok., Feb. 24.—A mist of rain has fallen nearly all day here and frozen as it fell. Streets have been dangerous and city delivery traffic was suspended part of the day. Express companies made Main street deliveries by using boys to pull vehicles.

Tulsa, Ok., Feb. 24.—This section of Oklahoma is in the grasp of a cold wave and the coldest weather of the winter is promised for tomorrow. A blizzard blew all day and was still raging tonight. Train are running late. There is no gas shortage and no suffering is anticipated in this city.

Oklahoma City, Ok., Feb. 24.—This was the coldest day of the winter in Oklahoma City, the thermometer registering 8 degrees above zero early in the day and 10 degrees at noon. Snow fell practically all day.

### IN TEXAS.

McKinney, Tex., Feb. 24.—After a very pleasant day yesterday a norther came up last night, considerably lowering the temperature. Today has been cloudy, cold and a drizzle rain at intervals. It is much colder tonight.

Rio Vista, Tex., Feb. 23.—Rio vista and adjacent country is in the clutches of a severe norther, which came up about 9 o'clock last night, increasing in intensity today.

Mineral Wells, Tex., Feb. 23.—A cold wave blew up here from the north last night, lowering the temperature about 50 degrees in the last twenty-four hours.

## SHOOTING AT FRISCO DEPOT

BILL NUTT SHOT TWICE BY CHAS. BRADY.

One Bullet Goes Through Shoulder and One Through Hand, Both Flesh Wounds.

A shooting affair at the Frisco depot last night resulted in Bill Nutt receiving two wounds, one in the right shoulder and one in the right hand, Charlie Brady doing the shooting.

About 8:10 was the time of the trouble, which originated while Nutt, Brady and Lloyd (Hisby) Robinson—the latter a citizen of Roff—were sitting in the bus of which Brady is the driver. Nutt and Robinson rode to the depot in Brady's bus and while awaiting the arrival of the south-bound train two pistol shots were fired. Brady seemed to think he was being shot at but Nutt stated the shots were accidental. Later, it is said, Nutt and Robinson accused each other of doing the shooting. The three men went into the waiting room together and the matter seemed to have been settled.

Brady directly left the waiting room and went up town, secured a gun and returned to his bus in his usual attitude, waiting for the train's arrival.

### Nutt Approaches Brady.

Soon after Brady's return to the depot Nutt came out of the depot, is alleged to have reached for his gun and, in effect, said to Brady: "You have had it in for me a long time; let's settle it and go." Brady was the quicker and shot at Nutt two times, both shots being effective. At the second shot Nutt ran behind the depot and was soon taken in charge by Deputy Sheriff Walter Goyne, who took him to the Ada hotel and afterward to the offices of Drs. Faust and Hartman where his wounds were dressed. Policeman Lem Mitchell took Brady to the court house where he at once made bond for his appearance in justice court. Nutt also made bond. The hearing will be today or tomorrow.

### Wounds Not Dangerous.

Nutt's wounds are not dangerous and recovery is expected soon.

Robinson is thought to have gone to his home at Roff on last night's train.

It is said Brady and Nutt have been enemies for some time, and about thirty minutes before the first shooting last night Brady took a gun from Nutt, but when the affair appeared to be settled he returned it to its owner.

## NEGRO OUTRAGES ON THE INCREASE

3-YEAR-OLD TEXAS GIRL ASSAULTED.

New York Black Shoots Two White Youths—Assault Escapes From Train.

Dallas Tex. Feb 24—Allen Brooks a negro 35 years old was arrested yesterday afternoon about 5 o'clock and lodged in the county jail charged with criminally assaulting Mary E. Buvens the 3-year-old daughter of H. J. Buvens.

It was stated last night that while the child's injuries were painful they were not necessarily serious and that the perpetrator of the brutal assault had not been entirely successful.

The assault is alleged to have occurred in the second story of the barn in the care of the Buvens home corner Pearl street and Ross avenue, where the negro under arrest works. It is stated that the child's assailant enticed her into the barn and then carried her into the loft.

The child was missed about 3 o'clock in the afternoon and a search for her was instituted. After searching for half an hour Flora Dunderfeld a young negress who also works at the Buvens home found the child and the negro in the barn. She said she took the little one and ran with her into the house.

Found in Boiler Room. Brooks was found in the boiler room under a residence near by and was arrested by Mounted Officer Harrison and Officer Dennis and Eim-

cke. They took him to the city jail, where he was held until affidavits charging him with the crime were filed, when he was transferred to the sheriff's department and placed in the county jail.

Dr. W. W. Brandau was summoned to attend the child. He said he found evidences of brutal treatment. Dr. Brandau also went to the city jail and examined the negro and states he found evidences which confirmed him in the opinion formed when he attended the child.

Officer Eimcke said the negro submitted quietly to arrest but refused to make a statement about the affair. The officers were enabled to reach the scene quickly because a citizen placed his automobile at their disposal.

## NEGRO SHOTS TWO WHITES

Opens Fire on Four New Jersey Young Men and Fatally Wounds Two

New York Feb 24—Harrison Higbee and Leshe Lord young men socially prominent in North New Jersey were shot down and probably fatally wounded today by a negro in a smoking car of the New Jersey Central train in which they were riding to their homes in Newark.

A negro accompanied by another man of his race and a mulatto woman accused four college men of making remarks about the woman. Lord was about to reply but Higbee told him to keep quiet.

"Don't you tell me to keep quiet," yelled the negro as he leaped to his feet and drew a revolver. "I'll quit you and he opened fire on the four young men. Lord and Higbee were

wounded, and then Gale and Roger Young leaped at the negro. Gale Young went down under a blow on the head, but held onto the man, who emptied his pistol, and who was so powerful that he dragged Roger Young with him to the platform. Young held on, however, and when the negro leaped from the train while it was making twenty miles an hour Roger Young went with him. In striking the embankment Young's grip on the negro was broken and the desperado disappeared. His companions also got away.

The wounded men were taken to a hospital in Jersey City where it is said they will probably die. Roger Young is not seriously hurt.

## NEGRO MISCREANT AT LARGE.

Attempts to Burglarize Store at Alsford but Is Thwarted.

Ennis Tex. Feb 24—A negro was taken in charge at Alsford Sunday night by citizens who caught him at attempting to burglarize a store at that place. He was turned over to an officer who searched him but found no weapons on him. The officer had started to town with him when the negro drew a string from inside his pants attached to which was a big pistol which he leveled on the officer and got away.

This morning O. G. Bower residing east of Ennis on the Weatherford farm reported to the officers that one of his best horses had been stolen from his barn last night. The negro who got away was described as very black and minus a thumb. This afternoon Marshal Alexander found him in a negro house in Ennis and chased him several blocks but he got away in a creek bottom west of town.

This same negro entered the farmhouse of E. F. Seel at near Bristol last Monday while the family was away from home and took a pistol, a watch, a razor, coat pants and a few articles of lesser value and escaped. Marshal Alexander says he is a dangerous negro and an ex-convict. It is the same negro who entered the home of Mrs. J. R. Tidwell in Ennis a few days ago and was frightened away without getting anything.

## WAS INTENDED TO BE GRAFTER

SO SAYS OFFICE HOLDER IN COLORADO.

And Decries He Is Victim of Republican Political System—He's to Be Pitted.

Denver Col. Feb 24—I am the victim of the state republican political system. The office of state boiler inspector was originally intended as an office for graft by the politicians who framed the law, said State Boiler Inspector Alex. T. J. Weirich at the Auditorium Hotel where he went to hold a conference with his attorney B. B. Brown.

He framed the law, the politicians and ex-convicts who held the expenses of the boiler inspection and his assistant amount only to \$110 a month. He knows that this does not begin to be enough. The office was created merely to make three more political jobs and give a kick on an income tax for a man holds it he is expected to cut out of town politicians when they come to Denver and see that they are treated right.

Expected to Cover State. Attorney Brown declared that the boiler inspector could go no farther than Colorado Springs on the expense account allowed him yet he is expected to travel over the entire state.

How can a man go down to Durango Trinidad all the western part of the state hire carriages to make long climbs up mountains to mines pay his hotel bills and other expenses on \$41 a month? Then the boiler inspector is expected to keep people in line for the party. He is expected to meet them take them around Denver treat them or else Epperson.

he is not doing exactly what he was put in office for doing.

Whole Idea Was for Graft. The whole idea of the office was for graft. How can a person make trips to Europe on a salary of \$2,000 a year? I am informed that that has been done in the office. Let the governor dig into the records.

## PHILADELPHIA POLICE WANT AID

ASK STATE FOR HELP TO QUELL STRIKE.

Mob Numbering Thousands Beats Up Policemen—Strikebreakers Attacked.

\*\*\*\*\*  
COUNTING COST OF CAR STRIKE IN PHILADELPHIA  
Philadelphia, Pa., Feb. 24.—Close estimates have been made of the loss of life, the injuries to all persons, cars burned and wrecked, windows broken, arrests made and the property and cash losses of the five days of the strike. These estimates show:  
Dead, 3.  
Injured; strikers, 25; police, 50; citizens, 300; total, 375.  
Cars burned, 7.  
Cars wrecked, 750.  
Car windows broken, 4,000.  
Arrests made, 100.  
Loss to company property, \$100,000; to business, \$300,000.  
\*\*\*\*\*

Philadelphia, Pa., Feb. 24.—Philadelphia has called upon the state for aid. The city police having failed, even with the brief help of the state Troopers, to cope successfully with the widely scattered forces of the rioters, are suffering now from the strain of five days of almost incessant active service, with little or no sleep.

In this emergency, Mayor Royburn has asked Gov. Stuart to dispatch the full force of the mounted state constabulary to this city to assist in restoring order.

If more help should be required to preserve order and to restore the cars to regular schedule the full force of the state militia will be called upon. This, however, will be done only as a last resort. In anticipation of the call regiments in many sections of the state are making active preparations to meet a hurried call from this city, while commanders of local regiments already have met and instructed their officers to have the men of their companies in readiness for instant service.

Though these preparations are being made, Mayor Royburn declared today that the necessity for calling the militia was decreasing. The city, he said, had spent a day that contrasted favorably with those of the earlier part of the week, only one serious disturbance having occurred.

**Number of Schools Closed.**  
Following yesterday's announcement of the cancellation of the week's grand opera program at the Hammerstein opera house because of the strike and the consequent lack of transportation facilities, the Board of Education today closed some of the most important of the city schools.

West Philadelphia was the scene of serious riots during the afternoon, the car barns at Forty-third street and Lancaster avenue and Forty-fourth and Jefferson streets being storm centers that kept the police constantly on the move.

**Worst Riot of Day.**  
The worst trouble occurred at Forty-fourth street and Lancaster avenue, where a mob of several thousand persons attacked a car and dragged its crew of "strikebreakers" from it. The policemen guarding the car drew their revolvers and fired over the heads of the rioters, causing them to scatter like frightened sheep.

## CROSSING CRASH KILLS TWO

Fast Train Strikes Auto in Which Four Persons are Riding Near Los Angeles.

Los Angeles, Feb. 24.—Two women were killed and one man was fatally injured when the California Limited train on the Santa Fe railroad crashed into an automobile at the crossing at Azusa, twenty miles east of here. The dead:

Mrs. Anna Martin, widow, Pasadena.  
Miss Flora McEwen, nurse, Pasadena.

Charles A. Erickson, 30 years old, of Pasadena, not married, was fatally injured.

O. Louis Anderson of Pasadena was driving the car. He escaped with a few scratches.

## Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three month's wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

## WOULD MAKE THE GOVERNOR SEE IT

LOCAL OPTION ATTORNEY WILL MANDAMUS HIM.

Thinks Decision in Court Would Help His Case—Campaign Expense Would Be Saved.

Guthrie, Okla., Feb. 24.—C. B. Stuart of McAlester, attorney for the local option and high license league and W. D. Cardwell, secretary, were here today in consultation with the secretary of state and Governor Haskell relative to the calling of an election on the constitutional amendment to repeal prohibition and substitute a local option and high license section.

Stuart took the position that under the supreme court decision in the Taylor election case, the petitioners fulfilled the requirements of the law when they left with the secretary of state petitions and that the failure of the secretary to detach the signatures of the governor to witness the operation does not invalidate the filing. He holds, therefore, that the petitions have been legally filed and that the five days in which protests against their sufficiency could be made have elapsed, and that it is now the duty of the secretary of state to pronounce them sufficient or insufficient.

Stuart expressed a desire, however, that the case should be taken into the courts on a mandamus. It is probable that the secretary of state will decline to act on the petitions and that the mandamus will be directed against him. Stuart says he desires a decision of the court in advance of the election for two reasons. He thinks it will strengthen the measure if the court in advance holds that the prohibition portion of the constitution is subject to amendment. If the court holds otherwise, then the expense of the campaign will be saved.

## ABOUL HAMID NEAR DEATH

## CLOSE CALL FOR 2,000 WORKMEN

FURNACE AT GARY, ILLINOIS, BLOWS UP.

Gas Causes Explosion—Windows Broken and Wall Torn Out—Many Homes Demolished.

Chicago, Ill., Feb. 24.—Nearly 2,000 men narrowly escaped death today when furnace No. 5 in the plant of the Indiana Steel mills at Gary was blown to pieces by an explosion of gas.

The force of the explosion was terrific, sending the fragments of iron and steel flying in all directions with the velocity of cannon balls.

Every window in the plant was broken and one wall was torn out. The blast was felt through a large part of the town.

Many homes were shaken, their windows shattered and pictures shaken off the fastenings.

The accident was caused by a sudden shutting off of power, which stopped the pumps from forcing water into the furnaces, causing an unusual amount of gas to accumulate.

GOVERNOR'S SISTER WEDS.

Lawrence, Kan., Feb. 24.—Miss Anna Stubbs, sister of Governor W. R.

Stubbs, and Joseph Eddy, of this city were married Wednesday night at Windmill Hill, the Lawrence residence of the governor. Only relatives and a limited number of friends were present. The event was one of the most brilliant ever held at the Stubbs home. The groom is county treasurer of Douglas county.

## VOTES AGAINST STATE DISPENSARY

BUT HOUSE IS AGAINST SALE  
OF LIQUOR

Booze Will Be Destroyed as Soon as  
Taken—Speeches Against  
Open Saloon

Guthrie, Okla., Feb. 24.—The House  
of Representatives recorded itself  
against the sale of liquor in Okla-  
homa, even by the State dispensary  
system, and providing that all liquors  
as soon as adjudged to the State shall be destroyed.

The vote was 61 to 31 on final pas-  
sage of the bill by John and Bur-  
nett as amended several days ago  
by Mr. Ross of Comanche. If the  
amended measure successfully weath-  
ers the senate and the governor's  
office, it will terminate the state  
and all local agencies, and provide  
no means for getting intoxicants oth-  
er than by interstate shipments.

### Veto Predicted.

It is indicated that the senate will  
agree to a repeal of the dispensary  
system, but refuse to accept the pro-  
vision destroying confiscated goods.  
Even then, the statement is made to-  
night, the Governor will veto the bill.  
When it became apparent the house  
would not accept the Administration's  
bill fixing the method for sale of  
liquors and the radical procedure  
for removal to county officers who  
failed or refused to enforce the pro-  
hibition law, Mr. Burnett undertook  
to save the legislation by raising the  
point of order that a repeal of the  
dispensary system had not been rec-  
ommended by the governor, whereas  
other provisions referred to had.  
This is understood to be the ground  
upon which the bill will be stopped  
in the executive office, providing it  
gets there.

### Provisions of Bill.

Provisions of the Burnett-Jahn bill,  
which came to the House to day in  
the regular course of business, re-  
quired all seized liquors to be ship-  
ped to the state agency at Guthrie,  
and by the department sold as it  
elected, and after retaining the cost  
of the sale and 10 per cent for the  
state agency, the remainder of the  
proceeds was to be applied on the  
salary fund of the county or city  
making the seizure. Further, it pro-  
vided that county or city officers fail-  
ing or refusing to apply the probi-  
tion law might be removed by the  
governor upon petition of fifty resi-  
dents of a city or 100 residents of a  
county. The officer was then to be  
tried on information and belief, and  
if convicted was not only removed,  
but imprisoned for a felony. Mr. Til-  
lotson told the house that it would  
never be difficult to find fifty people  
who wanted a man removed from  
office and that the provision would  
keep the town and counties in con-  
stant strife. Other members object-  
ed because the act proposed that the  
governor would have the power to  
appoint local officers, making pos-  
sible, they said, to build a state ma-  
chine.

### Against Open Saloon.

On the dispensary proper, it was  
the general belief among advocates  
of the Ross idea, that the state had  
no moral right to engage in a busi-  
ness from which it barred a citi-  
zen. Mr. Tillotson announced that he  
would not return to the open saloon  
for any reason, and for the good of  
society and the youth, he would rather  
endure a few bootleggers with the  
chance of arrest and destruction of  
their stocks.

Mr. Faulkner denounced the pres-  
ent policy of capturing liquors and  
selling them out of the state, only  
to be resold here, he said, thus con-  
fronting the state with a sort of end-  
less chain.

"We keep capturing the liquor over  
and over again," he said, "until there  
is finally nothing left but the bung-  
hole or the cork."

### Bill Defended.

Mr. Burnett and Mr. Ewell de-  
fended the bill as being a step toward  
more perfect prohibition. The former  
asked the house not to mutilate the  
law if his bill was not to pass, while  
Mr. Ewell suggested that the ques-  
tions be referred to the prohibition  
committee, with a view to bringing  
out an agreed measure. The last op-  
portunity to save the original mea-  
sure faded when Mr. Ross secured  
adoption of an amendment, by a vote  
of 56 to 35, referring the bill to the  
committee of the whole, with instruc-  
tions to adopt an amendment calling  
for the destruction of seized liquor,  
in addition to repealing the dispens-  
ary system. With the determination  
of the house well fixed, Mr. Ross fol-  
lowed with a motion to go into com-  
mittee of the whole to consider the  
bill, for which Mr. Burnett offered a  
substitute to proceed with the order  
of business. Mr. Ross won by a vote  
of 48 to 29, and Mr. Cope was called  
to the chair. There was no difficulty  
in completing the effort in committee  
of the whole, and the bill came back  
into the house, amended as per in-  
structions, and passed finally by a  
vote of 61 to 31.

Los Angeles, Cal., Feb. 24.—A com-

who stood in line from Thursday  
morning until Saturday at Yuma, and  
then were informed by the land of-  
ficials that Secretary Ballinger  
had sent instructions to ignore the  
numbers given out to them by the  
local police, have prepared petitions  
and forwarded them to Secretary Bal-  
linger and President Taft, asking that  
their old numbers be allowed to  
stand. Many of the land seekers are  
still encamped in a vacant store near  
the land office and will remain there  
until they hear again from Washing-  
ton, or, in the event of not hear-  
ing from their petitions, until the  
morning of March 1, when filings may  
be made.

porting \$5,290 from Charles H. Post-

He is charged with stealing a

## DEVIL FISH TO CLEAN SHIPS

New Craft with Eighty Hung Arms  
Full of Compressed Air Will Re-  
move Barnacles.

New York, Feb. 24.—The nearest  
marine product to the octopus—an  
eighty-armed vessel—has just been  
launched at a Brooklyn shipyard.

The unique craft is to be used for  
cleaning the bottoms of large steam-  
ships. Over its side stretch eighty  
lines of thick hose, which are sup-  
plied with compressed air at a pres-  
sure of 150 pounds to the square  
inch.

When the eighty lines of hose are  
manned by eighty men a steamship  
of 5,000 tons can be cleaned in twen-  
ty-four hours, thus accomplishing the  
work which heretofore has taken a  
corps of 300 men working eight days  
to complete in the old way.

### GOT HIS HAIR BACK.

Was Perfectly Bald When He Started  
to Use Newbro's Herpicide.

Frederick Mueller, Maryland block,  
Butte, Montana, bought a bottle of New-  
bro's Herpicide, April 6, '09, and began to  
use it for entire baldness. The hair fol-  
licles in his scalp were not dead and in  
20 days he had hair all over his head.  
On July 2 he writes, "and today my hair  
is as thick and luxuriant as any one  
could wish." Newbro's Herpicide works  
on an old principle and with a new dis-  
covery—destroy the cause and you re-  
move the effect. Herpicide destroys the  
germ that causes dandruff, falling hair,  
and finally baldness, so that with the  
cause gone the effect cannot remain.  
Stops falling hair at once and a new  
growth starts. Sold by leading  
druggists. Send 10c. in stamps for sample

## MINNESOTA WINS OVER R. R.

Supreme Court Hands Down Many  
Decisions—Kansas Whips Mis-  
souri Pacific.

Washington, Feb. 23.—In more than  
fifty decisions the supreme court of  
the United States passed on the ad-  
ministration of justice as it had ap-  
peared in the lower Federal Courts  
and State tribunals in more than half  
the states in the union. Many state  
laws were declared unconstitutional  
more upheld and the laws of the  
United States given a final interpre-  
tation. The importance of state rail-  
road laws decided exceeded any other  
line of cases. The State of Minne-  
sota won a complete victory over  
the Great Northern Railroad com-  
pany and the Chicago Great Western,  
which had resisted the state's at-  
tempts to levy a 4 per cent gross  
earnings tax on them.

The state of South Carolina like-  
wise won a victory over the rail-  
roads in that state when the court  
adopted the view of the supreme  
court there that the law requiring  
railroads to pay a penalty of \$50 for  
failure to adjust losses within thirty  
days applies only to intrastate claims.  
The state of Kansas came out vic-  
torious in its fight with the Missouri,  
Pacific railroad company for the in-  
stallation of separate passenger  
trains on a branch road from Mad-  
ison, Kan., to the Kansas-Missouri  
State line.

It is in this case that the doctrine  
will reach every state that even if  
this passenger train was operated at  
a loss the railroad was under a duty  
to perform such services as long as  
it retained its charter.

The state of Alabama had its state  
levying an annual franchise tax

on corporations declared unconstitu-  
tional. The railroad brought the  
case to the supreme court. The state  
of Georgia lost in most of its con-  
tentions in the attempt to levy on  
the Georgia railroad and Banking  
company for franchise taxes, despite  
charter exemptions.

### Nothing Impossible

There is nothing exaggerated, over-  
drawn or impossible in "The Fight-  
ing Parson." It's a very realistic  
story, true to nature and filled with  
bright lines that are food for thought,  
simple in construction, yet with a  
great heart interest that holds one  
until the final drop of the curtain.  
It instructs the youth and brightens  
the minds of the older ones on some-  
thing that they have probably for-  
gotten. That is "good will to all  
and keep faith with thy Maker." Mr.  
Mann has secured an exceedingly  
strong cast for this one of his newest  
offerings with stage settings in keep-  
ing with the production and cast, so  
we can truthfully say that manager  
Parks of the opera house has secured  
a real city attraction for his pa-  
trons on tonight.

Already orders are coming in from  
suburban patrons of the Theatre  
and it looks like the banner house  
of the season. Box parties can have  
their orders taken care of by phone  
to Manager Parks.

### DRUG KILLS CONVICT.

Leavenworth, Kan., Feb. 24.—It be-  
came known today that Christopher  
Wallace, a convict at the military  
penitentiary, died Sunday morning  
from an overdose of morphine, which  
he obtained surreptitiously. The pris-  
oner's death was kept secret until  
Wednesday morning when his body  
was prepared for shipment to his  
home in New York.

## SHOOTING AT FRISCO DEPOT

BILL NUTT SHOT TWICE BY CHAS. BRADY.

One Bullet Goes Through Shoulder and One Through Hand, Both Flesh Wounds.

A shooting affair at the Frisco depot last night resulted in Bill Nutt receiving two wounds, one in the right shoulder and one in the right hand, Charlie Brady doing the shooting  
About 6 10 was the time of the trouble, which originated while Nutt, Brady and Lloyd (Hisby) Robinson—the latter a citizen of Roff—were sitting in the bus of which Brady is the driver Nutt and Robinson rode to the depot in Brady's bus and while awaiting the arrival of the south-bound train two pistol shots were fired Brady seemed to think he was being shot at but Nutt stated the shots were accidental Later, it is said Nutt and Robinson accused each other of doing the shooting The three men went into the waiting room together and the matter seemed to have been settled  
Brady directly left the waiting room and went up town secured a gun and returned to his bus in his usual attitude, waiting for the train's arrival

## Nutt Approaches Brady.

Soon after Brady's return to the depot Nutt came out of the depot is alleged to have reached for his gun and, in effect, said to Brady "You have had it in for me a long time, lets settle it and go" Brady was the quicker and shot at Nutt two times both shots being effective At the second shot Nutt ran behind the depot and was soon taken in charge by Deputy Sheriff Walter Goyne, who took him to the Ada hotel and afterward to the offices of Drs Faust and Hartman where his wounds were dressed Policeman Lem Mitchell took Brady to the court house where he at once made bond for his appearance in justice court Nutt also made bond The hearing will be today or tomorrow

## Wounds Not Dangerous.

Nutt's wounds are not dangerous and recovery is expected soon  
Robinson is thought to have gone to his home at Roff on last night's train  
It is said Brady and Nutt have been enemies for some time and about thirty minutes before the first shooting last night Brady took a gun from Nutt but when the affair appeared to be settled he returned it to its owner

## NEGRO OUTRAGES ON THE INCREASE

3-YEAR-OLD TEXAS GIRL ASSAULTED.

New York Black Shoots Two White Youths—Assaultant Escapes From Train.

Dallas Tex. Feb 21—Allen Brooks a negro 55 years old was arrested yesterday afternoon about 5 o'clock and lodged in the county jail charged with criminally assaulting Mary E. Buvens the 3-year-old daughter of H. J. Buvens.

It was stated last night that while the child's injuries were painful they were not necessarily serious and that the perpetrator of the brutal assault had not been entirely successful.

The assault is alleged to have occurred in the second story of the barn in the care of the Buvens home corner Pearl street and Ross avenue, where the negro under arrest works. It is stated that the child's assailant enticed her into the barn and then carried her into the loft.

The child was missed about 3 o'clock in the afternoon and a search for her was instituted. After searching for half an hour Flora Dunderfield a young negress who also works at the Buvens home found the child and the negro in the barn. She said she took the little one and ran with her into the house.

Found in Boiler Room. Brooks was found in the boiler room under a residence near by and was arrested by Mounted Officer Harrison and Officer Dennis and Emm-

cke. They took him to the city jail, where he was held until affidavits charging him with the crime were filed, when he was transferred to the sheriff's department and placed in the county jail.

Dr. W. W. Brandau was summoned to attend the child. He said he found evidences of brutal treatment. Dr. Brandau also went to the city jail and examined the negro and states he found evidences which confirmed him in the opinion formed when he attended the child.

Officer Eimecke said the negro submitted quietly to arrest but refused to make a statement about the affair. The officers were enabled to reach the scene quickly because a citizen placed his automobile at their disposal.

## NEGRO SHOOTS TWO WHITES

Opens Fire on Four New Jersey Young Men and Fatally Wounds Two

New York Feb 21—Harrison Higbee and Leslie Lord young men socially prominent in North New Jersey were shot down and probably fatally wounded today by a negro in a smoking car of the New Jersey Central train in which they were riding to their homes in Newark.

A negro accompanied by another man of his race and a mulatto woman accused four college men of making remarks about the woman. Lord was about to reply but Higbee told him to keep quiet.

"Don't you tell me to keep quiet," yelled the negro as he leaped to his feet and drew a revolver. "I'll quiet you" and he opened fire on the four young men. Lord and Higbee were

wounded, and then Gale and Roger Young leaped at the negro. Gale Young went down under a blow on the head, but held onto the man, who emptied his pistol, and who was so powerful that he dragged Roger Young with him to the platform. Young held on, however, and when the negro leaped from the train while it was making twenty miles an hour Roger Young went with him in striking the embankment. Young's grip on the negro was broken and the desperado disappeared. His companions also got away.

The wounded men were taken to a hospital in Jersey City where it is said they will probably die. Roger Young is not seriously hurt.

## NEGRO MISCREANT AT LARGE.

Attempts to Burglarize Store at Alsdorf but is Thwarted.

Ennis Tex. Feb 21—A negro was taken in charge at Alsdorf Sunday night by citizens who caught him attempting to burglarize a store at that place. He was turned over to an officer who searched him but found no weapons on him. The officer had started to town with him when the negro drew a string from inside his pants attacked to which was a big pistol which he leveled on the officer and got away.

This morning O. G. Bower reading east of Ennis on the Weatherford farm reported to the officers that one of his best horses had been stolen from his barn last night. The negro who got away was described as very black and minus a thumb. This afternoon Marshall Alexander found him in a negro house in Ennis and chased him several blocks but he got away in a creek bottom west of town.

This same negro entered the farmhouse of E. F. Seest near Bristol last Monday while the family was away from home and took a pistol a watch a razor and pants and a few articles of lesser value and escaped. Marshal Alexander says he is a dangerous negro and an ex-convict. It is the same negro who entered the home of Mrs. J. R. Davis in Ennis a few days ago and was fought away without getting anything.

## WAS INTENDED TO BE GRAFTER

SO SAYS OFFICE HOLDER IN COLORADO.

And Declares He Is Victim of Republican Political System—He's to Be Pitted.

Denver Col. Feb 24—I am the victim of the state republican political system. The office of state boiler inspector was originally intended as an office for graft by the politicians who named the law, said State Boiler Inspector Alex. J. J. Wainwright at the Auditorium Hotel where he went to hold a conference with his associates.

Mr. Wainwright said the politicians and ex-convicts who hold that the expenses of the boiler inspection and his assistant amount only to \$11 a month. They know that this does not begin to be enough for the work which is expected to be done. He said the work is expected to be done by three men on income the force of a man holds if he is expected to put out in town politicians when they come to Denver and see that they are treated right.

## Expected to Cover State.

Attorney Brown declared that the boiler inspector could go no farther than Colorado Springs on the expense account allowed him yet he is expected to travel over the entire state.

How can a man go down to Durango Trinidad all the western part of the state hire carriages to make long climbs up mountains to mines pay his hotel bills and other expenses on \$41 a month? Then the boiler inspector is expected to keep people in line for the party. He is expected to meet them take them around Denver treat them or else.
